ABOUT US

EXCELLENCE THROUGH EXPERTISE

JUDE EMMANUEL
Director/CEO

At Atlas Packaging, our strength lies in our dedicated team who work tirelessly to deliver excellence in packaging solutions. Each member brings valuable expertise to serve our diverse client base across tea, rubber, pharmaceuticals, and other key industries in Sri Lanka.

Our collaborative approach ensures that from initial consultation to final delivery, every project receives the attention to detail it deserves. Whether you're seeking solutions for delicate porcelain, fresh produce, or FMCG products, our team will provide tailored guidance and support.

Atlas Packaging | Company Profile

OUR CLIENTS

Trusted packaging partner for Sri Lanka's leading brands across diverse industries.

PRODUCT PORTFOLIO

Packaging Today's Needs, Tomorrow's Solutions

Excellence in packaging comes from understanding specific industry needs. Each product in our portfolio combines practical functionality with innovative design, ensuring your products reach their destination safely and stylishly.

REGULAR SLOTTED CARTONS / UNIVERSAL TYPE CARTONS

Our versatile 3-Ply and 5-Ply cartons offer superior strength and customization flexibility. Available in both brown and white finishes, these industry-standard cartons can be enhanced with custom printing, delivering both protection and brand visibility.

- Customizable dimensions
- Multiple-ply options
- Up to 4-color printing
- Brown or white finish

LAMINATED CARTONS / VALUE ADDED CARTONS

Premium laminated cartons featuring sophisticated full-color offset printing and gloss finishing, designed to maximize retail impact while ensuring product protection. These solutions enhance brand visibility and retail shelf impact.

- Full-color offset printing
- Glossy lamination
- Shelf-ready design
- Enhanced visual appeal

DIE CUT CARTONS / SRT BOXES & E FLUTE

Precision-engineered cartons with intricate designs and custom shapes that deliver robust protection and enhance brand value. Our die-cut solutions adapt to specific industry requirements.

- Custom designs
- Industry-specific solutions
- Flexible quantities
- Multi-color printing options

TOP AND BOTTOM CARTONS / TELESCOPIC CARTONS

Top and bottom cartons are built for strength and accessibility. The durable two-piece construction protects heavy items during transport and storage while maintaining convenient product access.

- Two-piece design
- Heavy-duty capability
- Easy access opening
- Versatile applications
